

The Objects of the Theosophical Society

1. **To Form a Nucleus** of the Universal Brotherhood of humanity without distinction of race, creed, sex, caste or colour.
2. **To encourage** the study of Comparative Religion, Philosophy and Science.
3. **To investigate** unexplained laws of Nature and the powers latent in man.

The Three Great Truths

1. The Soul of man is immortal, and its future is the future of a thing whose growth and splendour have no limit.
2. The principle which gives life dwells in us and without us, is undying and eternally beneficent, is not heard or seen or smelt, but is perceived by the man who desires perception.
3. Each man is his own absolute lawgiver, the dispenser of glory or gloom to himself; the decreer of his life, his reward, his punishment.

These truths, which are as great as is life itself, are as simple as the simplest mind of man. Feed the hungry with them.

The Idyll of the White Lotus

Universal Prayer

O Hidden Life, Vibrant in every atom,
O Hidden Light, Shining in every Creature,
O Hidden Love Embracing all in oneness
may each who feels himself as one with thee
Know he is therefore one with every other.
