THE INDIAN SECTION
THE THEOSOPHICAL SOCIETY
ANNUAL REPORT OF THE PRESIDENT
2020-2021

Part-I

I. Birds-Eye View of Indian Section's Work:

For the fourth time in four years, I am very pleased to report to you all that the state of the Indian Section is very healthy. Let me give you a bird's-eye view of the Indian Section's work in the past year.

One of the biggest positive results of the Corona Pandemic was the evolution of on-line lectures on various subjects of Theosophy. To see thousands members of the Theosophical Society watching and listening to the International and National Lecturers during the year certainly had a very positive impact on the spread of knowledge of Theosophy. We also got so many new speakers taking part on the on-line lectures. A lot of them were young theosophists who were never heard of earlier but were found to be very good orators.

They say every dark cloud has a silver lining and the on-line lectures were certainly a silver lining in the dark cloud of Corona. Never in the history of the Indian Section were so many lectures delivered and we never had so many members attending to those lectures. The facilities for on-line lectures were there earlier also but were not effectively used. The Corona period forced us to start using it and suddenly it was found to be very convenient and useful for many members. You will find in the latter part of this report how our national lecturers have addressed so many more meetings this year as compared to earlier years.

Another highlight of the year is the completion of a majestic college building with parking plus three floors spread over about 7000 sq. ft. There are in all 20 rooms including 2 large class rooms with a capacity to sit 200 students, 7 medium sized class rooms with a capacity to sit 100 students, 1 laboratory, 3

rooms attached to the lab, 1 store room serving the lab and attached rooms, 1 record room, 3 rooms attached to the medium class rooms for miscellaneous work and 2 smart class rooms with smart board, LCD projector, etc.

The inauguration ceremony of the new college building was performed on 25/11/2020 when Pooja was conducted. With this kind of facility the college has already applied for starting a Commerce stream. Once that is granted they plan to apply for Bachelor's in Management (BBA) and Bachelor's in the Education (B. Ed). With these new departments the number of students in VKM will increase significantly and hopefully fill all the 310 beds in our hostels.

Dr. Annie Besant's 173rd birth anniversary was celebrated at the Indian Section Headquarters Hall on 1st October 2020 by offering flowers at her stature. Then another function was organized at the VKM seminar hall where Mrs Uma Bhattacharyya, Dr Bina Singh and Principal Rachna Srivastava paid glowing tributes to her work.

The Indian Section Study Camp could not be organized at its usual time in the first part of October but was held from 23 to 24 July 2021 on the Zoom on-line platform. Ven. Olande Ananda Thero was the Director of the camp. More than 100 members attended the camp. Bro. Olande studied Buddhist Text- 'Mindfulness, the Heart of Buddhist Meditation', by Nyanaponika, followed by lively discussion, questions& answers and a short guided meditation.

Sis. Sabine V. Osta, General Secretary of the Belgium Section of the Theosophical Society, was the chief guest at the 145th Foundation Day Function on 17th November 2020 organized through the Zoom on-line mode. She spoke on the subject of Universal Brotherhood.

The Adyar Day was observed on 17th February, 2021 through the on-line mode. The President of the Indian Section, Pradeep Gohil explained the importance of Adyar Day, Bro. Vincente (Vic) Hao Chine Junior gave his address as the chief guest on the contribution of Col. Olcott and Mahatmas in the theosophical world. Dr. Nagesh and Sis. Sonal Murali spoke on Adyar Day and Krishnamurti's Philosophy respectively. Finally, the Adyar Geet was presented by the members of Kashi Tattva Sabha Lodge.

The 97th Easter Conference was held from 2 to 4 April 2021. There were 251 TS members and sympathizers registered for the conference. President Tim Boyd, International Secretary Marja Aartmaa, Vice-President Dr. Deepa Padhi, International Treasurer Sis. Nancy, Secrest, Indian Section President Pradeep Gohil and many others spoke on the occasion.

The White Lotus Day (8th May) was organized on-line from 6th to 8th May, 2021 to commemorate the Anniversary of Madame H.P. Blavatsky. Prof. C.A. Shinde conducted an on-line study class on the book “The Original Programme of Theosophical Society” written by HPB. Bro. Pradeep Gohil spoke on “Life and Work of Madame H.P. Blavatsky”.

The Indian Section was never closed this year due to COVID-19. We did not allow anyone from outside to come inside the campus. So everyone was safe inside. Even though the hostels were not working the staff was paid full salary.

There was a suspicion that there could be many ghost members in the list of membership due to the practice of commuted dues or life membership. For more than three years, the Indian Section had not received any communication from most of the 1214 life members as of 30.09.2020. Hence, a letter was sent on Dec. 26, 2020 along with the ballot for the International President’s election to all such members requesting for acknowledgement. Article IV, Rule 9(ii) of our Constitution say that “if no answer is received within two months the member’s name can be dropped from the list”. Even though the names of members who did not respond till Feb. 22, 2021 could have been dropped, it was decided to wait for another few months. In the mean time we only had 1188 life members. We were very patient but finally when almost no replies came, a total of 745 life members were dropped on 30.09.2021. So at present we only have 443 life members. This will of course reduce the Indian Section's membership significantly but now all of us can say that the Indian Section's membership is absolutely genuine. If there are dropped life members living and desiring to continue their life membership, they may do so by reviving their membership at any time without any payment by writing a letter to the Indian Section President.

A few important amendments to the Constitution, Rules and Regulations of Indian Section were discussed and approved in the meeting of the Indian Section Council held on 18.12.2020. The same are given below so that the Presidents and Secretaries of all the Lodges who will receive these can inform all the members accordingly.

2. Page 23, II-28 After the words, “The business of the Council shall be transacted either in meeting or by circulation to members” add “The meeting may be in person or through recorded video conference”. After that replace “both” by “all”.

6. Page 34 IV-5 9 (iii) There will be no long term subscription of *The Indian Theosophist*. Members should pay the subscription with their annual dues.
7. Page 34, IV-5-9(iv) There will be no long term subscription of *The Indian Theosophist*. Non-Members should pay the subscription with their annual dues.
8. Page 34-IV-7 Members not in good standing will have no right to vote in any Lodge, Federation, Section or International election of T.S.

9. Page 36, IV- 15 If a Lodge member loses his Lodge membership by failing to pay his Lodge dues according to the rules of the Lodge but has paid his dues to the Section, the member of the Lodge shall at once notify the President, giving his name, address and reason for his non-payment of Lodge dues. Thereafter the President shall decide whether to accept the said member as an Unattached member, and collect his dues as an unattached member.
10. Page 41, VI-4-9(c) Admission to membership, whether attached to a Lodge or Centre, or unattached, shall be at the discretion of the President and he shall refer to the Executive Committee of the Indian Section such applications as are not acceptable to him, for its decision.
11. Page 41, VI-4-(d) There will be no provision for life membership in the Lodge. Any life member of the Lodge may collect what he had paid as Lodge life membership from the Lodge Secretary after showing the Lodge Life Membership Certificate or Receipt.

President Tim Boyd has approved the changes on 29 May 2021.

The Executive Committee of the Indian Section recommended a major resolution for approval by the Indian Section Council (ISC) in its meeting on 20th December, 2021. They have unanimously approved the proposal to abolish admission fees and the annual dues for membership to the Indian Section. This is a bold and far reaching decision, which if passed by the ISC could help increase membership of students, save a lot of effort in collecting the fees by Lodge, Federation and Indian Section and maintaining the records. The total amount of Rs 5,78,496 to be received by Indian Section as annual dues is negligible (about 2.75%) as compared to its annual surplus. All Federations will receive Rs 75 per member as on 1st October to compensate for the loss of Rs 64 per member

from the annual dues as of now. The Net Surplus in 2021-22, even without the usual Rs 1 crore surplus from the hostels, is expected to be Rs 210 crores. There is no negative factor in giving this proposal a try.

All the 12 issues of the Indian Theosophist (IT) were published during the year even though there was a partial lock down for several months. The IT has been one of the most frequent, regular and high quality monthly magazine. It is largely made possible because of the untiring efforts of the previous General Secretary, Mr. S. Sundaram. There are indeed very, very few complaints of non-receipt of IT. If someone still has a problem in receiving IT regularly by ordinary post, they can pay Rs 300 per year instead of Rs 30 per year and get the 12 issues of IT by registered post parcel. Every member must ensure that their current address is with the Indian Section Headquarters. We still receive back several copies of IT every month.

The Indian Section Website has 5,888 users, a total of 5,836 new users, 7,641 sessions, a ratio of 1.30 sessions per user, 20,948 page views, 2.74 pages/session, an average session duration of 1:46 minutes and a Bounce Rate of 48%. We have 57% of users from India, 8.31% from U.S., 5.42% from Indonesia, 3.98% from Hong Kong, 3.57% from China, 1.27% from Canada, 1.1% from U.K. and 19.65% from other countries.

II. Indian Section Conventions

The 129th Convention-I of the Indian Section was held on the Zoom Platform on 27th December 2020. The International Vice-President, Dr. Deepa Padhi was the chairperson. The President of the Indian Section, Pradeep Gohil welcomed the International President Tim Boyd, Dr. Deepa Padhi and all the delegates. He then read the greetings from the well-wishers. Then, the Federation Presidents, Secretaries or Representatives conveyed greetings. The International President Tim Boyd gave his inaugural address followed by the “State of the Indian Section” address by Pradeep Gohil. The Report of the Treasurer was presented by Mr. V. Narayanan and the concluding remarks were given by Dr. Deepa Padhi. The session ended with the vote of thanks given by Pradeep Gohil.

The Indian Section Convention-II was held on 30th December 2020. It was chaired by former General Secretary of Philippines Section Bro. Vicente Hao Chine Jr (Vic). The theme of the convention was “Awareness Transforms Life”. Vic is regarded to be master of the subject of transformation and he introduced the subject in a scholarly way. He then went on to introduce the four speakers and mentioned the subject on which they would speak. All the four talks have been published in *The Indian Theosophist* of March 2021.

Sister Uma Bhattacharyya tried to answer the question “Does one go through cycles of transformation in life?” She concluded by saying that our alignment with the wave of transformation can assist humanity and planet earth in making a calm and peaceful transition to a Golden Age.

Sis. H. Sripriya spoke on “How Awareness Transforms Life”. She presented the subject logically explaining the basic questions and facts relating to life’s problems. She also defined awareness and discussed about Self-Awareness and Other Awarenesses. She gave several examples and ended by saying “Let us be Aware, Let us Transform”.

Bro. Sanjay Potey spoke on the subject of “Importance of Awareness in Fulfilling the T.S. Mission”. He concluded very eloquently by saying that “the members of T.S., need to work rigorously on ‘self-preparation’ in order to fulfil the mission of the Society”. That self-preparation will bring the awareness.

Sis. Chhital Patel spoke on the subject of “Need of Awareness to Relate to the Present Pandemic Situation”. She described the two categories of self-awareness as internal and external. She explained the four ways by which self-awareness can be increased. She concluded by asking to come back into the present and bring back the awareness.

Finally, Vic concluded the convention by talking about how awareness transforms life.

III. Election

The International Secretary, through her notification dated 28 March 2021, has informed that Mr. Tim Boyd has been declared re-elected as President

of the Theosophical Society for a second term of office of 7 years from 27 April 2021.

IV. Indian Section Headquarters

The workers at the Indian Section HQ assembled in the Hall on 1st October 2020 and they all offered flowers at the bust of Dr. Annie Besant to pay homage to the great soul.

The 173rd birth anniversary of Dr. Annie Besant was celebrated jointly by the Indian Section -The Theosophical Society, Kashi Tattva Sabha and Vasant Kanya Mahavidyalaya (VKM) on October 1st, 2020 in the seminar hall of the college. The function was organized in both on-line and off-line modes and connected members of TS and KTS from across the country.

The programme started with paying floral tribute to the portrait of Dr Besant and was followed by ‘Annie Besant Eulogy’ written by Dr. Asha Yadav, Associate Professor, Department of Hindi, VKM and composed by Dr. Meenu Pathak, Head, Department of Music Instrumental (Sitar), VKM. The rhythmic eulogy very beautifully reminded the gathering of the greatness, sympathetic attitude and ‘Indianness’ that stayed in the persona of Dr. Annie Besant for all her life. The musical presentation was played in recorded form to avoid close contact in the days of pandemic. Presenting true gratitude towards our parent body, Theosophical Society, the organization that played catalyst in transforming the life of Dr. Besant, the programme featured a documentary on Indian Section, Theosophical Society. This was an award winning entry prepared by two students of the college Shreya and Sumul Garg for the College Fest ‘Sarjana’.

Speaking on the relevance of vision and works of Dr. Besant in present times the Manager of VKM, Mrs. Uma Bhattacharyya, highlighted the importance of her fight for reclaiming freedom for India. She brought out that Dr. Besant was totally Indian at heart although born as a foreigner. She was a true champion of the belief that only Indian culture can stand against the ravages of time and before the world is made aware of its rich cultural heritage, Indians themselves should realize their unbeatable legacy of knowledge and selfless service. Mrs. Bhattacharyya said that in the uncertainties of the present times,

we must read Dr. Besant in order to understand how India can convert challenges into opportunities by practicing religious harmony, tolerance and the rich tradition of knowledge. She beautifully explained Dr Besant's faith in truthfulness, selfless service and universal brotherhood. She emphasized that Theosophical Society presents 'Education as Service' following which, one can become a part of world peace and harmony.

In her keynote address, Dr. Bina Singh, HOD, English Department, VKM, reiterated the spiritual symphony of Annie Besant's thoughts. She made everyone chant the prayer on universal love and respect and established her lecture in the soil of brotherhood, selfless service and spiritual unity as described by Dr. Besant. She said that although Annie Besant was a product of different socio-cultural scenario, she remains relevant even to the present day because of her universal spirit and finding unity in diverse human experiences.

Prof. Rachna Srivastava, Principal, VKM, in her Presidential Address, appealed to the gathering to understand the message of 'Universal Prayer' which unfolds strong message of unity in diversity and universal brotherhood in the most simple words. She said that religious harmony is the need of the hour as we are guided by our false ego and misleading sense of superiority. Giving practical examples from everyday life she related tolerance and selfless service to humanity in the present context. Dr. Nairanjana Srivastava, convener of the programme gave vote of thanks.

Faculty members of the college and office staff attended the event maintaining hygiene and social distancing. The programme was organized by Progression of Annie Besant Spirit Committee with technical assistance of College office.

The on-line Theosophical 1st Public Lecture in memory of Dr. Radha Burnier, the 7th International President of Theosophical Society, was held on 30 October 2020. This programme was organized by the Indian Section of the TS. Brother Pedro Oliveira, the Education Coordinator of the TS Australian Section was the Guest Speaker. The President of the Indian Section, TS, invoked the Universal Prayer and introduced the purpose of the public lecture as well as

narrated in brief about Dr. Radha Burnier. Then Bro. V. Narayanan introduced the speaker. It was followed by Bro. Pedro's keynote address on the subject - "Radhaji: Glimpses of Her Life and Influence". Bro. Pedro described in detail his close association with Radhaji when he was in his early thirties. He mentioned some of his reminiscences as well as Radhaji's role in furthering and promoting the theosophical movement in the world.

The on-line programme was attended by 87 participants from all over the world.

The Indian Section, the Theosophical Society, celebrated 145th Foundation Day function through on-line mode on 17.11.2020 organized by Bro. P.K.Mahapatra. Chief Speaker was Sis Sabine V. Osta, Secretary, The Theosophical Society, Belgium Section. The subject which she chose to speak on was 'The Law of Universal Brotherhood'. She brought out that some of these letters directly refer to Universal Brotherhood. Sis Sabine emphasized on the deep connection between brotherhood and love, which are part of each other. She also quoted from *At the Feet of the Master*, mentioning that love is most important because it is only through love, we can become one with the Almighty who is also love. She clarified that one must be filled with perfect unselfishness and love for becoming one with Him. She revealed that in *The Doctrine of Heart* written by Dr. Annie Besant, who was known as diamond soul, we find that love along with service is the key to attain Universal

Brotherhood. She stressed that to serve for the sake of service is another shade of colour of love. Sis Sabine referred to Mission Statement of the Theosophical Society, which is renewed formulation of existing objectives of the Theosophical Society and meant to compliment the three objectives of the Theosophical Society. She concluded by highlighting that Mission Statement is a whole programme for centuries to come. She reminded that we can put this mission into practice only when we have love for humanity.

Sister Uma Bhattacharyya extended vote of thanks on behalf of Indian Section to the chief speaker for her captivating lecture. She appreciated the chief speaker for the clear cut analysis of principles of Universal Brotherhood, which enlightened the gathering on various deep aspects of theosophy, love, service and mission statement of Theosophical Society.

Marja Artmma delivered the opening address followed by the reading of the messages by the Conference Officer Bro. Pradip Mahapatra. International President Bro. Tim Boyd in his message mentioned that “I am very happy about the way the TS work has grown on-line. I wish success for the Easter Conference for the theme-’Theosophy and J. Krishnamurti’. The Ageless Wisdom and J. Krishnamurti’s elaboration are priceless guides to the whole humanity.” Dr. Deepa Padhi, International Vice-President, in her message said that “we must know that the differences between what theosophy teaches and what Krishnamurti advocates

are only superficial. It is our limited knowledge of both that creates confusion and conflicts”. She hoped a deeper study and understanding of both would help in removing the superficial differences. Bro. Pradeep H. Gohil in his message said “J. Krishnamurti is probably the most misunderstood seer. But he was the greatest theosophist in the history of TS. IX. Propagation of Theosophy in new Areas

In the period of October 1, 2020 to September 30, 2020, India was severely affected by the Corona Pandemic and hence the ‘in person’ meeting was hardly held at all. However, the Zoom Platform, a license for which was purchased by the Indian Section, enabled significant dissipation of Theosophical knowledge. We had former joint General Secretary, Pradip Mahapatra, who organized this very well. As a result he was able to get many young theosophists to either moderate or speak on Theosophical subjects. This was by far the best propagation of Theosophy work done in many decades.

He in partnership with Bro. Shikhar Agnihotri of Pragya Studios fame, created a group of Young Theosophists. There were so many interesting on-line programmes for them. They also started YouTube channel where you can read in the comfort of your home any lecture that you have missed due to other work during the day and the time of the lecture.

In many groups members responded with sympathy towards less privileged who lost their livelihood due to covid pandemic. Many people transferred contributions through mobile phone apps such as Paytm and google pay without moving from their houses. The five decades of focus on different fields of social welfare activities, from “strengthening” in the 1970s, to “expanding” in the ‘80s, to “nurturing” in the ‘90s, to a “turnaround” at the turn of the century, to “transforming” in the last decade have been projected through the video film that was undertaken by Dr Mangesh and his assistants.

5. Vasant Balika Vihar Hostel

Vasant Balika Vihar Hostel is being run under the Indian Section for providing hostel facilities to the Degree College (VKM) students. There is great demand for hostel as it is in heart of city along with the college. This hostel meets the crucial requirement of such girl students who are keen on pursuing their studies in Varanasi but stay in far off places.

During this academic session i.e., 2020-21 lockdown was declared on 21st March, 2020 due to the pandemic and hostel was vacated. In July 2020 pandemic situation continued as such accommodation was restricted in the hostel. A virtual meeting was conducted with the hostellers during lockdown in respect of hostel fees and room rent.

It was finalized in the virtual meeting that hostellers would be exempted from room rent from April, 2020 to Oct, 2020 although rooms were under their occupation. However, students who did not vacate their rooms by 31st October, 2020 were required to pay room rent through NEFT in the hostel account till the room was under their occupation. Besides an advance of Rs.5000/- was deposited through NEFT in the hostel account by 31st October by all the hostellers of B.A. II, B.A.III and M.A. final to make sure that their seat in the hostel stays reserved. As a result of which the hostel management had a collection of Rs.7,10,000/- as on date 31st January,2021 on account of advance and room charges deposited in the hostel account although the hostel was not functioning.

4. After the above mentioned steps were complete the admission form of the hostel could be given to the student for further procedure.

Dr. Poonam Pandey, Professor (History), was designated as the new Administrative Warden for the hostel and the post of Executive Manager was abolished.

Vasant Balika Vihar has two mess - Maitrey Mess & Sri Devi Mehta Mess but due to pandemic the number of students in the hostel was low and so only one mess (Maitrey Mess) was operative.

XIX. Review of Financial Position of the Indian Section

The period under review was one of the most uncertain financial periods in the recent past. We are referring to the Covid-19 situation in the country and how it has affected our activities and that of the educational institutions and hostels run and managed by the Indian Section. We were forced to give rent relief to the tenants who are running shops in our Harmony Building, the Hostels were completely closed, the College was closed, etc. Above this, we were paying salary to all concerned staff of all these institutions on humanitarian grounds and, also as per the Brotherhood principles of the Theosophical Society.

Reflecting all those environments mentioned above, the Indian Section was able to attain a surplus Rs.1,51,56,265 (Rs. One Crore Fifty-One Lakhs Fifty-Six Thousand and Two Hundred & Sixty-Five Rupees.) This is in comparison with the previous year surplus of Rs.1,10,47,524. It was during the F.Y 2020-21, that the investments in buildings started giving returns. But for

the Covid disruptions, the surplus should have shown an increased amount. Contributions from hostels (about Rs. 1 Crore) could not be realized because the hostels were closed. After the merger of the Vijaya Bank with the Bank of Baroda, the latter rented our new premise in the first floor of the Harmony building, yielding a rent of more than Rs.2 Lakhs per month.

On the expenses side, since face-to-face meetings were not to be conducted, the propagation grants were not released to Federations, and they switched over to the electronic media for this purpose. No major expenses were incurred during this period. The project “Theosophy House”(a new avatar of the old ‘Ashok Bhavan’ near our main gate) was postponed. The Section expects to create a surplus of above Rs. Two Crores during the Financial Year 2021-22.

XX. Report of the Central Property Committee (CPC)

Report on Property matters given by the Chairman (CPC), Bro. V. Narayanan for the year ending 31 March 2021:

The chairman of the CPC, Bro. V. Narayanan mentions that one very important aspect of the status of the Section’s property is that we have large number of properties spread in different states, but hardly used for different reasons. In some places the lodges are defunct, in some places there is encroachment, in some places commercialized but no income to the section or lodge. The CPC is formulating a policy in which whichever property can be recovered and used are identified and action is being taken. The rest of the properties, mainly land only, is to be legally recovered and sold. Considering the fact that most of these properties are situated in Southern India, the CPC is restructured with the following members:-

1. Bro. V. Narayanan – Treasurer
2. Bro. M.V. Rengarajan
3. Bro. Sanat Kumar
4. Bro. N.C. Krishna

The following properties are under different categories as mentioned earlier and are dealt with individually:

1. Rajahmundry 2. Chittoor 3. Gudivada 4. Warangal
5. Ranipet 6. New Delhi 7. Triplicane 8. Gorakhpur

Considering the volume of work involved, the Federation Secretary/ President of the concerned area should closely work with the CPC members who are handling these matters. Now that the travelling restrictions are minimum in India after the Covid, specific efforts will have to be made to accomplish the above targets.

XXII. Tasks Ahead

After very good progress was made in what was mentioned as the tasks ahead

last year, we see number of other tasks that need to be done in the coming year.

1. The Indian Section of the T.S. has made a writ petition in the U.P. High Court at Allahabad against the Varanasi Development Authority (VDA) demanding monetary compensation for the 10,580 sq. ft. of our land acquired by VDA to widen the Gurubagh Road. This may take time but we have Supreme Court Judgements that a fair and reasonable monetary compensation has to be paid in such cases.

2. We have also applied to VDA to officially approve the five new buildings in our campus since Jan 2017, Viz. Rohit Mehta Hostel, Harmony Building, Radha Burnier Amphitheatre, the new College Building, and the new 'laid back from the road Masonic Building'. We would also like them to approve the extension of Annie Besant School Building and Suryashram Guesthouse Building.

3. We are pursuing the modification in the Khatauni to put the name of the Indian Section, the Theosophical Society in place of Bro. Upendranath Basu, who was the General Secretary of the Indian Section when the Indian Section land was purchased by Dr. Annie Besant in 1899.

4. If the Indian Section Council approves the proposals recommended by the Executive Committee to abolish admission fees for Indian Section, the T.S. membership and abolish the annual dues for all members, a new and member friendly set up will have to be done for the administration of membership. The main objective of this is to increase the membership of students and youth.

5. Efforts have to be put to get 8,750 sq. ft. of Indian Section land where the old Masonic Building once stood, to be given on a lease rent and increase the earnings.

6. Similarly, efforts will have to be put to give the Indian Section land at Patna on lease rent of about Rs 1.25 lakhs per month for making a hostel. Out of this amount 20% or Rs 25,000 per month can be given to the Bihar Federation and Patna Lodge to share equally for propagation of Theosophy.

7. We are pursuing the proposal of Mr Ravi Prakash Pandya of Rainbow Printers, who has a large space rented along with our main entrance for more than 50 years. The Indian Section Council has approved his proposal of demolishing the dilapidated building, including the part he has rented and build a new Theosophy House at his cost. Since the land belongs to us, the building

will vest with us and we will take a 50% share in the surplus of the rental income of the building every year. This may take a lot of time but is a win : win situation for Mr Ravi Pandya as well as the Indian Section.

8. As a part of our policy to repair and renovate one building inside the Indian Section Campus every year, we plan to take up Damodar Ashram building near the Headquarters building.

9. To arrange to start the Commerce Faculty, the Education Faculty and the Management Faculty, one by one, at the new college building of VKM.

XXIII. Gratitude

This year I have to pay an abundance of gratitude to all at the Indian Section since I could not come back here after I had left Varanasi on 16 March, 2020 to visit Bhavnagar and then attend the centennial conference of Telugu Federation from 20th March. I got locked down due to Corona and did not take any flight or train to anywhere until this October when I came to Varanasi. The entire team here has done such a remarkable job maintaining everything that we had achieved in the past and continued to work on the tasks ahead.

So this time, I am going to keep it simple. Mr. V. Narayanan handled all activities beyond his duties as a Treasurer and did an outstanding job. He has spent a long time as an in-charge president and did a great job. May be this was just net practice for him!!

I have already mentioned how well Bro. S. Sundaram has worked and contributed to get all the 12 issues of The Indian Theosophist. Sis. Uma Bhattacharyya has kept herself healthy and took care of the college and hostels. I must thank Bro. Pradip Mahapatra for his outstanding contribution in making the Indian Section one of the most prolific in Zoom meetings with very good speakers on excellent theosophical subjects. This is an area of his great strength.

Mr. A.N. Singh, Mr Om Prakash Yadav, Mr Rajkumar Pandey, Mr Somnath Maurya (Mintu) and Santosh Yadav all worked very diligently and I thank them heartily. It was such a pleasure to work with them, although a lot of it was by telephone or on-line.

The Bengal Federation was formed in the year 1920 under the Presidentship of Manishi Hirendra Nath Dutta. This is the first time in the history of the Federation that the AGM was held virtually on 26.12.2020 and that too also in the Centenary Year. Earlier, we had a plan to celebrate this glorious event in a befitting manner. But due to Covid -19 pandemic, we had to conduct it virtually. However, we have a plan to celebrate it properly in a suitable manner sometime in future.

The Annual Conference of Bengal Federation was also held on 26 December 2020 afternoon at BTS Hall, under the Presidentship of Bro. P.K. Datta. Ven. P. Seewali Thero, General Secretary, Mahabodhi Society of India, graced the occasion as Chief Guest and respected Bro. Birendra Lal Bhattacharya was the Guest of Honour. Now situation has slightly improved and slowly we have started reviving our activities.

Annual Conference

The 89th Annual Session of Bombay Theosophical Federation held on 16-17 October 2020 was unique. It was a Virtual Session on Zoom with vibrancy of Brethren of Bombay energized with Brotherhood warmth of Brethren from Adyar, Indian Section, South India, Philippines, Singapore, Pakistan and East & Central Africa. BTF members Sis. Kashmira Khambatta and Sis. Aban Patel joined even from Lonavala.

This Annual Session was graced by Shri. N. C. Krishna, National Lecturer, as the Chief Guest. The theme of the Annual Session was *'Vitalizing Theosophy and The Theosophical Society'*

This on-line Session was hosted & conducted by BTF President Bro. Vinayak Pandya, helped by Bro. Taral Munshi.

Opening Session on 16th October 2020

The Opening Session attended by 47 Brethren had 18 Invitees from India & Abroad. Singapore Lodge had very kindly changed their meeting date in order to join BTF Opening Session.

BTF President Bro. Vinayak Pandya with welcome words requested Bro. Arni Narendran to recite the Universal Prayer. Bro. Berthram Redwood starting with an Invocation conveyed the Greetings of: International Vice-President Dr. Deepa Padhi, International Lecturers Prof. C. A. Shinde & Shri Agnihotri, Indian Section's Ex-General Secretary Shri S. Sundaram & Manjuji, National lecturer & UP-UK Federation President Shri U. S. Pandey, Delhi Federation's President Shri Rajiv Gupta, TOS Mumbai Region President Sis. Thrity Dalal, and East & Central Africa Section's General Secretary Shri Narendra Shah. International Representative for Pakistan Bro. Mushtak Jindani conveyed Greetings in person.

Sis. Thrity Dalal speaking about TOS activities in Mumbai said that under Pandemic Education Grant to 500 students was given with direct deposits in their bank accounts. Virtual Healing Ceremony was held invoking peace and health for all. A training camp is held once a year in Deolali mainly for youngsters to learn Theosophical Teachings.

Sis. Thrity Dalal introduced the Chief Guest Bro. N. C. Krishna.

Bro. N. C. Krishna in his Address on '*Vitalizing Theosophy and The Theosophical Society*' said that it is necessary to vitalize age-old Wisdom, which is even older than man. Theosophy is not well defined. One can say it is Wisdom processed by Godly person. Man has innate potential to realize Divinity within him. As a nurtured sapling grows into a big tree, a seed of Theosophy sprouted in man with effort, commitment, zeal, enthusiasm & conviction leads him to Divinity. Theosophy a Path to tread for Perfection is not just for self, it is for good of others. Progress on the path depends on person's study, understanding, contemplation and internal realization of Theosophical Teachings.

Gathered knowledge has to be processed to turn into Wisdom, like churning of curd to get butter – the Essence. With Internalized wisdom and right type of life one must work for humanity. Wisdom has to be applied with altruism and unselfishness. Pythagorean School's students studied with the master for 12 years. First two years they had to just listen, study, and meditate. They could not seek clarification as clarification comes after introspection & contemplation. Theosophy is for the masses and not for a chosen few. Hence one has to work for Oneness – Unity.” “To propagate Theosophy, one does not have to compete in Spiritual field. One has to compete with oneself. Lodges must be activated, and second line prepared to pass Baton for continuity of Lodge vibrancy.

Sis. Zeena Rastomjee proposed the Vote of Thanks. The Opening Session ended with recitation of Sanskrit Prayer by Bro. Navin Kumar.

Short Talks

Sis. Thrity Dalal introduced the Chief Guest Shri N. C. Krishna, who chaired the session of Short Talks and the Speakers were Dr. Ajay Hora, and Bro. Arni Narendran.

Bro. Arni Narendran's talk was on 'Virtual Platform for Theosophy'. He elaborated on the story of the Virtual Centre of Theosophical Studies (VCTS) and how it forms the third phalanx namely through a group of vitalized individual members. Each individual member is the critical factor in the discourse, and it is a remarkable story of how such individuals have established the new Platform. VCTS, though supported by Int President Tim Boyd and Int Secretary Marja Artamaa, is not part of the Adyar infrastructure and remains an independent self-operating platform of the Adyar Theosophical Society. Not attached to any Federation or National Section.

'The Wisdom Capsule' series is a multimedia Theosophy content platform initiative of VCTS to diffuse Theosophy through videos, podcast, webinars, PPT, Print and e- publications and various other mediums. VCTS is thankful to the Bombay Theosophical Federation for launching the first in the series of 'Wisdom Capsule'.

Bro. Arni Narendran, Education Director of VCTS requested BTF President Bro. Vinayak Pandya to launch *WISDOM CAPSULE* Project for multimedia platform. Special beautiful slide announced the Launch of Wisdom Capsule with the First Capsule on '*Zoroastrianism in Light of Theosophy*'. The Research and content of this first Capsule is by Sis. Meherangiz Baria, Past President of

Blavatsky Lodge. The Capsule is conceived and produced by Bro. Arni Narendran, Meherangiz Baria had the privilege to show PPT of the capsule.

DR. Ajay Hora's Talk was on 'Living Theosophy'. Dr. Ajay Hora with 78 years growing in and living Theosophy said it is not easy to vitalize Theosophy and The Theosophical Society. He quoted the guidelines of great Theosophists, like – 'Be a lamp to oneself', 'Let him understand darkness, helplessness they are passing through to lift heavy Karma.' However, there is compassion. He narrated CWL's two stories about Invisible helpers. Theosophy gives Freedom of thought, freedom of worship and freedom from fear. There has to be complete dedication to work for God's Plan. One should work for what is best for the whole world and not just for oneself.

Dr. Ajay Hora shared personal experiences of Theosophical life right from his birth. At the time of his birth his mother's health was in danger. But Mother had said 'I am going to give birth to a Theosophist child so not to worry' and he was born on White Lotus day with Mother and baby both in good health. From age of five he has been blessed to be in touch with International Presidents, starting with President G. S. Arundale.

Dr. Ajay Hora fondly remembered stalwarts of Bombay and their dedication. He regretted that the BTF Annual Session could not be held at Juhu due to pandemic. After serving BTF over two decades he has passed the Baton to Bro. Vinayak Pandya. He requested all to take care of and vitalize Bombay Theosophical Federation. He ended with Best Wishes to entire TS in the World.

Bro. Navin Kumar, could not attend this session due to ill health, but had sent Messages, which were conveyed by Bro. Vinayak Pandya.

GTF announced a help or support to the Corona (Covid-19) infected members. During the panic period of Covid-19, the GTF extended financial help & moral support to the infected one. GTF paid an important role to resolve the chronic issues of lodges by intervening in the matter & effective correspondence was made to generate the feeling of brotherhood among the members.

Out of the 22 Lodges, 18 are in the urban areas while 4 lodges are functioning in the rural areas. All the 22 lodges were reported to have been active during the period under review by conducting some of the possible activities through Internet.

The members took interest in studying the books & also discussed the subject on Whatsapp or through other resources.

The Federation has made all possible measures to conduct different activities to educate the members & also invited innovative actions to increase the membership, specifically a young stars group which may use the latest technology to put up the message of theosophy on a large scale.

The administration of GTF is very active to discharge the different tasks which were planned to be taken up in future.

The work of publication or translation is also being attended to as per the requirement but somehow this year it could not be taken up due Covid -19.

The previously decided work of translating of the book *The Key to Theosophy* is under printing process.

It has given an opportunity to the members to explain their creativity by submitting articles, poems etc. The important news of the different lodges are also covered in the magazine. News about the members in person too are considered for publication.

We assure to put up the best in the future.

Annual Conference

The Annual Conference of the Federation was held on 6 December 2020 on-line Google Meet. The Indian Section's President Bro. Pradeep H. Gohil was the Chief Guest. He spoke on REINCARNATION - ITS CAUSE AND PROCESS in which he explained:

Reincarnation means the same thing as rebirth, re-embodiment, transmigration and metempsychosis. Human soul returns to earth many times and takes up residence each time in a new physical body in order to continue the soul's progressive journey of inner evolution, advancement, development and unfoldment.

There are eleven causes of Reincarnation:-

1. The unfulfilled desires of the soul.
2. The soul still has lessons to learn, improve and evolve.
3. The soul still has "Karmic Debts" to work off to further balance its Karma.
4. The building of perfect humanity in which positive and negative elements must find complete equilibrium.
5. To balance the soul according to its deeds and its needs for inner evolution, development and learning the lesson right.
6. To adjust the balance of the soul in possessing bodies belonging to one particular gender.
7. To make the soul fully realize its own divine nature.
8. To achieve evolution as its goal through individual experience and making and experiencing choice.
9. The desire of the soul for active life and the thirst for sentient existence.
10. The soul needs to undergo a full range of experience which one life cannot provide.
11. To enjoy the fruits of good Karma.

Now let us look at the process of reincarnation. Souls do not normally reincarnate instantly after death. It is not a case of the soul leaving one body and then instantly entering that of a body which is about to be born. Usually there is a period of several decades between one life and the next, during which the soul recuperates, considers the lessons learned from the last life and plans its next life. It is during this time when the soul experiences its own personal state of 'Heaven', created unwittingly out of its own consciousness and matching exactly the afterlife the person had believed in and expected, during the lifetime just ended.

The teachings of Theosophy refer to this state under the Tibetan name of "Devachan". This lasts in exact proportion to the amount and force of good or positive Karma that the soul created during the lifetime just ended. When the soul has reaped the full fruit of this good karma in its blissful Devachanic experience, the process of reincarnation occurs. The rate at which this happens varies from soul to soul depending on the amount of good Karma and how spiritual and pure the soul is. All human beings are, in reality, spiritual beings on a human journey. We reincarnate as human beings in order to evolve as souls.

The journey of a soul is a process of evolving and growing in consciousness. We go through 5 major stages of evolution through reincarnation. The Infant Soul, Baby Soul, Young Soul, Mature Soul and Old Soul. Within each stage of reincarnation there are 7 discrete learning steps. The early steps in each stage are about experiencing and learning from life. The later steps are about expressing those lessons and demonstrating this level of consciousness in action.

General Remarks

Though the activities of the Lodges and Federation were seriously affected by the Covid 19 Pandemic, a few lodges (Kilpauk, Gandhi Nagar) conducted meetings on the on-line platform for their members.

Net working through e-mail, whats App have definitely encouraged members to attend lodge/federation meetings in large number.

Meetings: The goal set meet for the lodges affiliated to MTF could not be held. The federation tried to accomplish smart goals agreed to the Indian Section meeting, which include interactive session with President/Secretaries of all affiliated lodges, outreach reaching programmes, competition for students, enrollment of new members, publication of Pamphlets, etc., and could complete (achieve) one goal;

“Dissemination of information in the Print Media / TV/ Radio about Theosophical Society and Theosophy”. (2 special days like Dr. AB’S Birthday). A programme was telecast on Doordarshan Chennai Kendra (DD Podhigai) to commemorate Dr. Annie Besants, Birthday On 01.10.2020.

Federation Meeting: Many members attended the meetings conducted on on-line platform (Zoom/Google).

SUGGESTIONS

What urges each of us to join the theosophical society? Is that dream still alive in us? Going deeply in to this question is essential before doing any other type of analysis. What makes us feel proud to belong to the TS? Who are the theosophists that have inspired us? What does “being active members” mean? Can we inspire enthusiasm for those values in which we trust? Are we able to give the right value and significance to people’s strengths? Explore the meaning of “Belonging to a group”. What is the purpose of working together? Are we aware that we can really “Make the Difference”? Contemplation will explore, discuss and learn about the possibility of activating engaged membership.

Tasks ahead

The MTF over the last seven decades has established itself as an organization committed towards propagation of theosophy and carry on Theosophical work. Taking impetus from previous work/experience, we have to further intensify our efforts on propagation of Theosophy and turn around the slow decline in our membership. Innovative methods of promotion have to be employed. Youth programs and membership drive should be given priority. The Madras Theosophical Federation must even further improve in their Goal achievement as standalone.

Annual Conference

The 56th Annual Conference of Utkal Theosophical Federation (UTF) was held on 11 September, 2021 in the UTF Hall, 346, Gautam Nagar. Dr. Deepa Padhi, International Vice President, TS, Adyar was the Chief Guest and Bro. Pradip Kumar Mahapatra, National Lecturer, Indian Section was the guest of

Honour. The Theosophical flag was hoisted by the Chief Guest and it was followed with prayers of all religions. Sis. Purnamasi Pattnaik, Secretary of the Utkal Federation gave the welcome address and read out the greetings received from various Federations and members of T. S. Federation's President, Dr. Chittaranjan Satapathy gave the introductory address. Thereafter, Sis. Mitalini Mahapatra, President of Sidhartha Lodge, introduced the chief guest. Dr. Deepa Padhi . Dr. Padhi gave an insightful inaugural talk on "Humanity and Beyond". The synopsis of her talk was as under: "The occult science defines human being" as that being in whom 'highest spirit and lowest matter are united by intellect. It is the rational faculty that distinguishes human beings from the rest of nature – the animals and plants. Rationality is also linked with the ethics of altruism and expresses human love and compassion towards each other and also towards other living forms. Therefore, it is the truth that only through human incarnation, realization of Oneness or self-realization is possible. Whenever there is separateness and selfishness, there will always be suffering and chaos.

The purpose of human existence is spiritual evolution which consists of the gradual upliftment from latency to full potency of man's spiritual attributes like love, empathy and compassion. Those, more evolved are more inclusive in their perception and more compassionate towards others. Compassion is the law of Laws –eternal Harmony says '*The Voice of the Silence*'. In the process of evolution, all beings below men arrive one day at the human stage and there are beings who go ahead of men who were once ordinary men. They are the perfected beings, the Masters, Adepts, saints, who have the experience of Oneness. For them the inside and the outside are one. Although these spiritual heroes have attained liberation, they renounce it voluntarily in order to remain invisibly amidst the world to help ignorant humanity in their spiritual evolution. Beyond humanity are these Spiritual beings, the Divine Incarnations who are ever engaged for the welfare of all living forms."

The Guest of honour- Bro. P.K. Mahapatra was introduced by Bro. S.S. Pati, Secretary, Cuttack Lodge. The subject of Bro. P.K. Mahapatra's talk was "Lonely Traveller" and he explained "It is the journey of Atman, starting as a Spark from the Essence of Flame itself, aware of naught but transcendent glory. To know the gloriousness, he acquired matters like Fire, Air, Water and Earth. Then he travels as Elemental-1. elemental-2 and elemental-3 in Higher Mental Plane, Lower mental Plane and Astral Plane, after that he enters into the material

world with other atmans, then to the world of beauty and symmetry of forms, colour and fragrance. After aeon of times he reaches a kingdom where he has warm blood, he can move from place to place. Here develops love, hate, devotion and other qualities. As he reached the kingdom of human beings coming out of groups with a causal body. Now as per Divine Plan he consciously strives to attain knowledge of Atman: As the spark seeks to rejoin the Flame from whence it sprang. Though he has family, society and country, he travels alone in the midst of others. He is not travelling in any space but he travels inwardly. He is the lonely traveller. When he finally reached the centre of his heart, he learned to say: *Aham eva Parabrahma.*”
